Hey, where's da ball?

This was the first Lake Shore football championship in 17 years. Coach D'Angelo had this to say about the team, "I've never coached a team that had to come as far in order to be champions—and did. It is a real credit to the players—they're winners!" This year's captains were: Frank Landa, Doug Fowler and Keith Golembiewski.

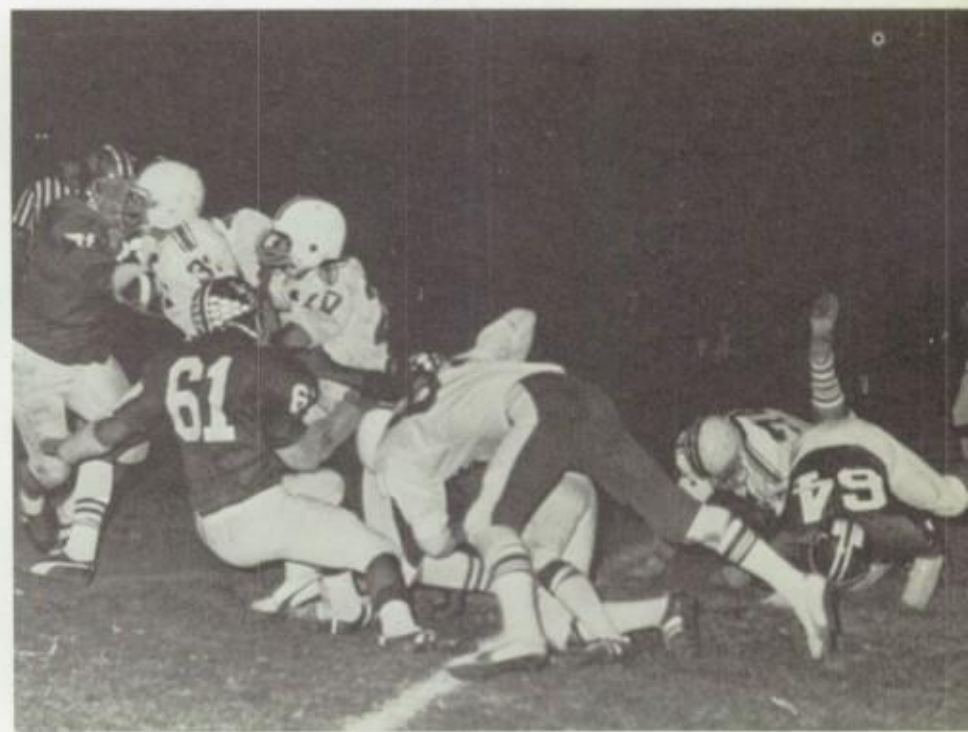

You got your foot in my mouth!

Look out! Here we come!

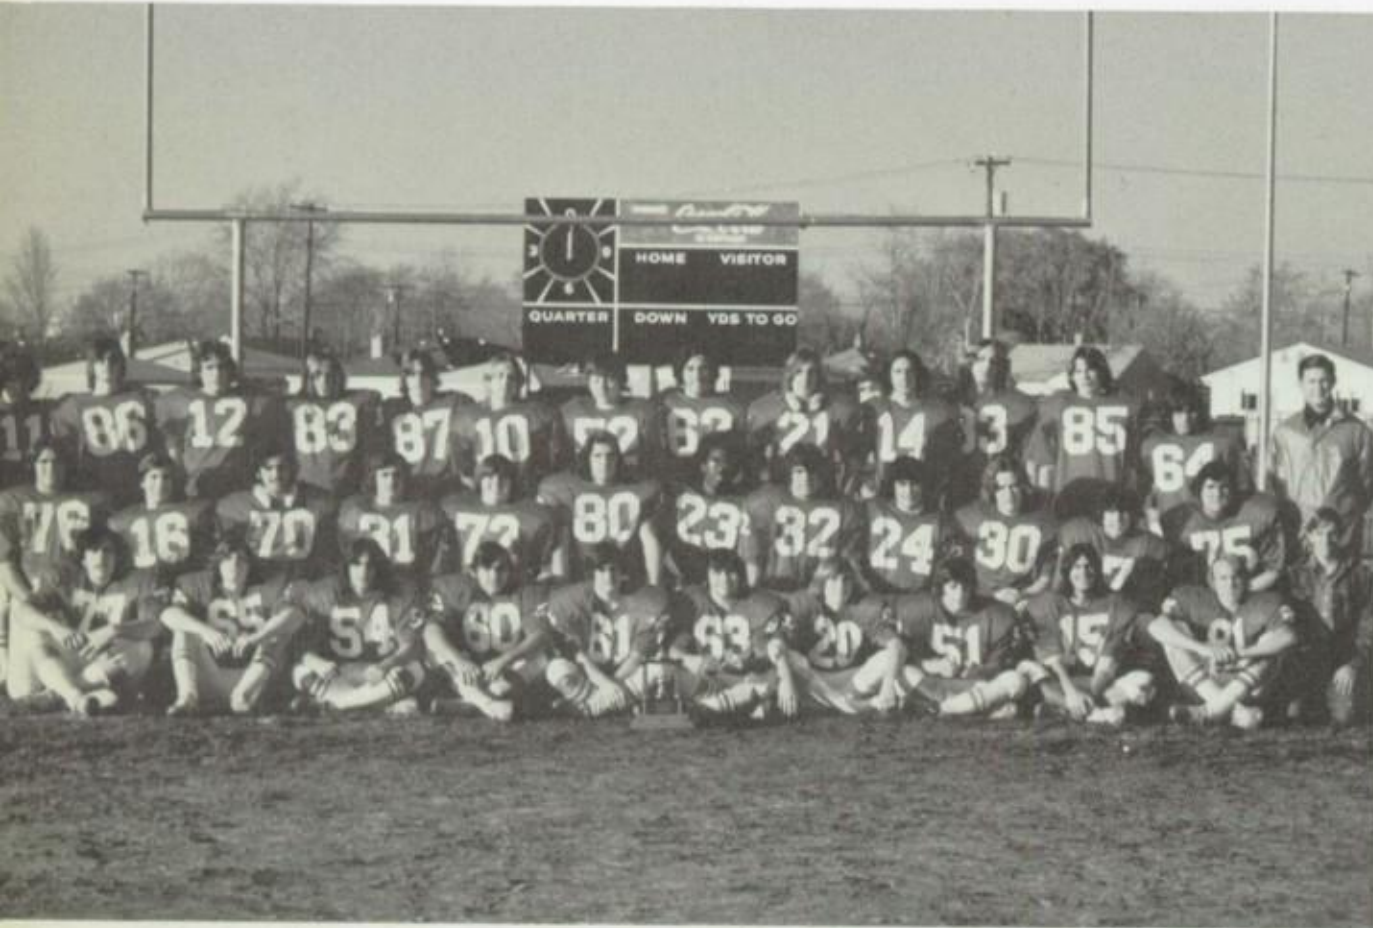

Coaches: D'Angelo, Pagel, and Brown.

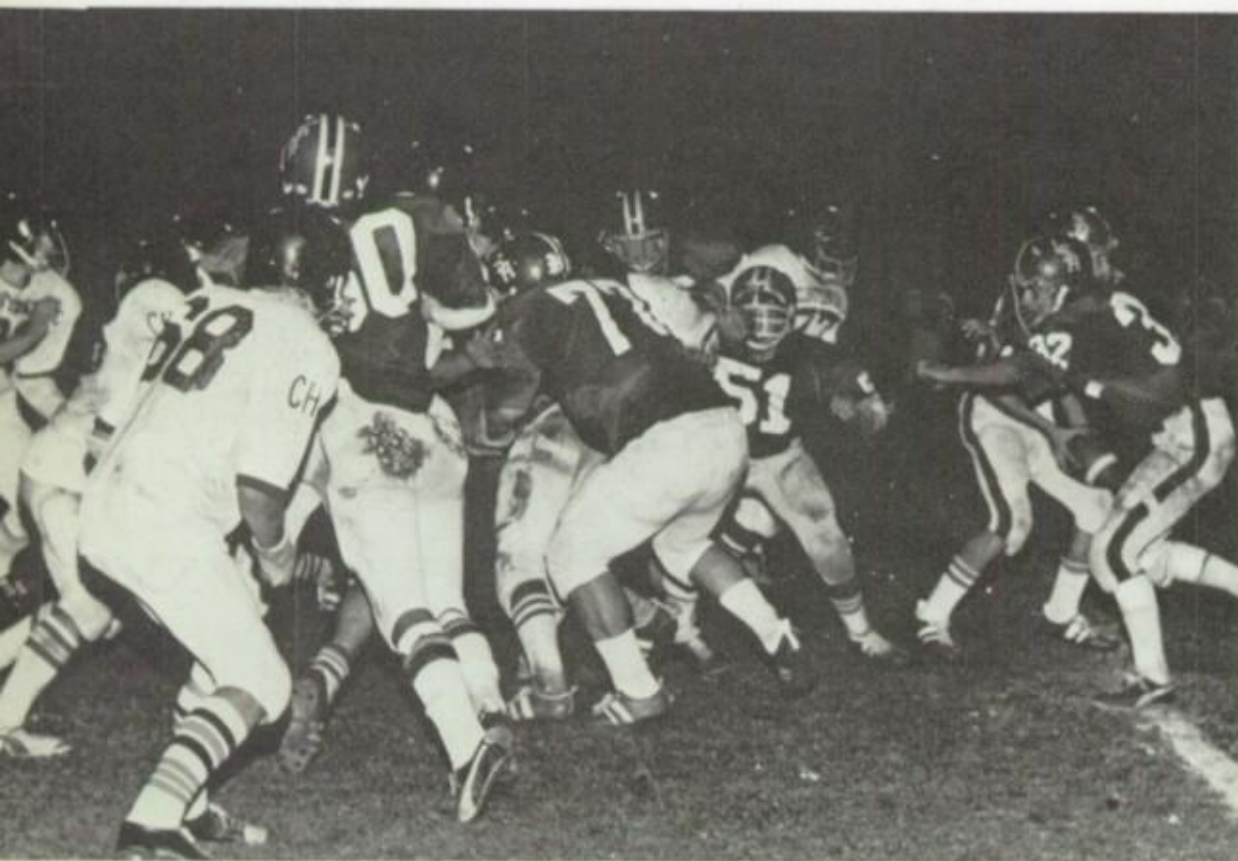

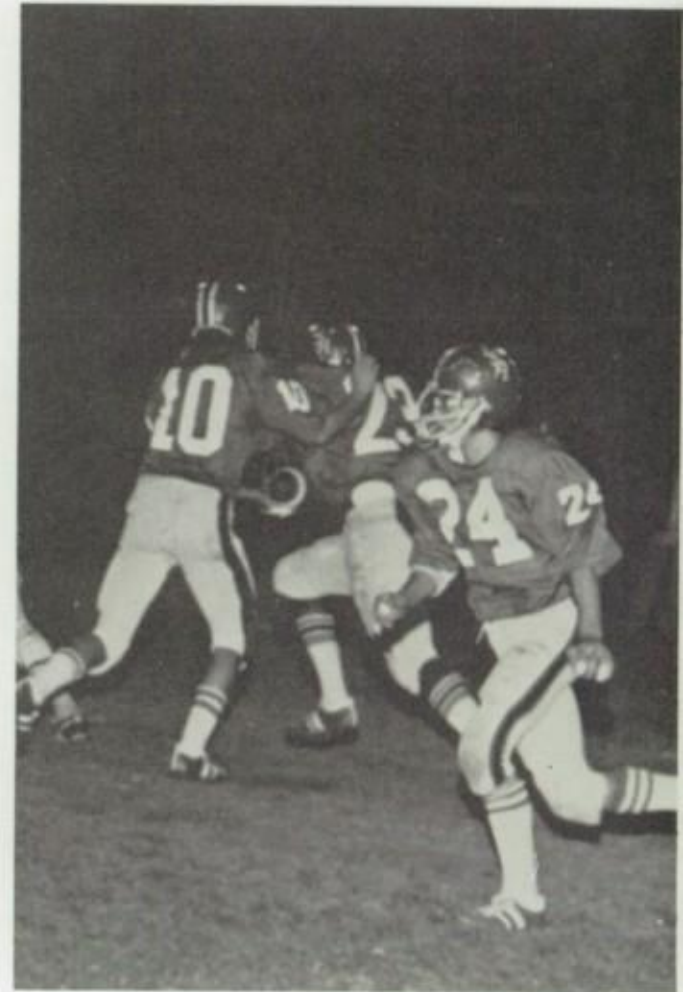

What an unusual huddle.

This year's Junior Varsity football team tied for first place in the league standings with Fraser. This is one of the best J.V. teams that Lake Shore has ever had. It should provide Lake Shore with some exciting football for the next few years.

As the team progressed to the point where they were capable of winning meets, we were hit quite hard with injuries and illness.

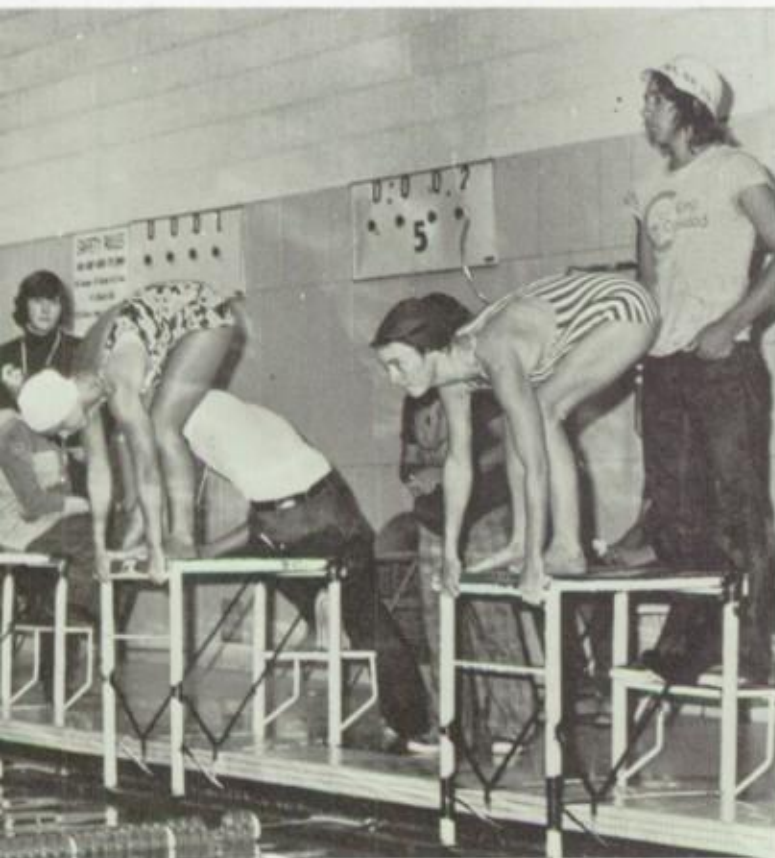

It will be another few years before Lake Shore has a strong swim team because swimming is a sport which takes much time to develop-strength and endurance is not cultivated in two months. St. Clair Shores has begun an AAU Team which practices all year long, once this gets going, we will have a source to feed our team-this is in contrast to the other schools we swim against who have had this source for the past ten years.

Precious And Few Are The Moments...

Is it possible that you are living, TODAY, what you will someday call "the good old days"? To let the good here-and-now days pass through our fingers without grasping their value is folly. Every period in one's life has it's distressing moments; but each also has it's satisfactions, if one will just realize them.

The End Is Near

"Sophomore"

The New Look at Lake Shore...The Class of "77".

Sophomore Student Congress Representatives: Tom Denolf, Diane Orlando, Linda Fulgenzi, Lisa Vandeputte, Kathy Schultz (bottom row) Roberta Stanbury, Gail Curran, Debbie Nanos, Pat Warner, and Pat O'Meara.

We are
the soph-
omores, the class
of "77", the new look
here at Lake Shore. We
have yet to experience the "been
there a long time" feeling. Instead
a feeling of excitement is with us, a feeling
of really wanting to do something and be some-
body. Junior high had been very good but during our
last year of it high school loomed ahead of us like a neon
sign spelling out "opportunity". Not only is the tenth grade
a beginning of these years, but a chance to meet again the kids who
were separated from us after elementary school. We also get to meet
the kids from that "other" junior high. Now we are finally one,
a tenth grade that has patience, determination, courage,
and goals enough to make our stay here the hap-
piest and best Lake Shore has experienced.
So, here we all are at Lake Shore as
enthusiastic sophomores, soon to
be great juniors and finally
finishing off as super-
seniors. The best
class ever.

Homecoming, A First for Sophomores

The Sophomore Homecoming Court consisted of: Mary Lopiccolo, Kathy Schultz, and Cory Zelenak.

This year our class was lucky enough to have Mr. Gardner as sponsor for our various projects.

Sophomore float places third this year, Nice Job!

"Just Keep Quiet And Nobody Will Notice"
by Ogden Nash

There is one thing that should be taught in all the colleges,
Which is that people ought to be taught not to go around

Always making apologies.

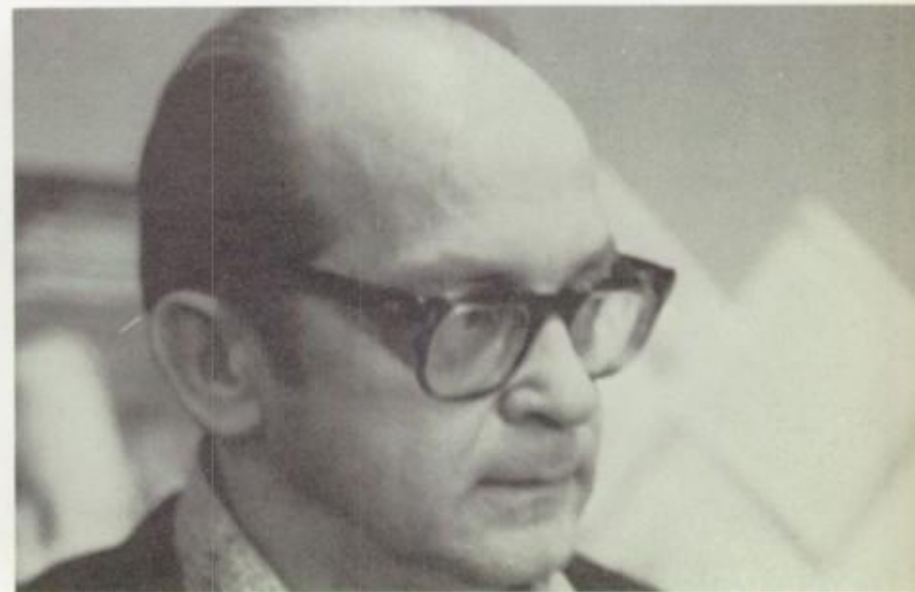

I don't mean the kind of apologies people make when they run over you or borrow five dollars or step on your feet, Because I think that is sort of sweet; No, I object to one kind of apology alone, Which is when people spend their time and your apologizing for everything they own. You go to their house for a meal, And they apologize because the anchovies aren't caviar or the partridge isn't veal. They apologize privately for the crudeness of the other guests, And they apologize publicly for their wife's housekeeping or their husband's jests; If they give you a book by Dickens they apologize because it isn't by Scott And if they take you to the theater, they apologize for the acting and the dialogue and the plot; They contain more milk of human kindness than the most capacious dairy can, But if you are from out of town they apologize for everything local and if you are a foreigner they apologize for everything American. I dread these apologizers even as I am depicting them, I shudder as I think of the hours that must be spent in contradicting them, Because you are very rude if you let them emerge from an argument victorious, And when they say something of theirs is awful, it is your duty to convince them politely that it is magnificent and glorious, And what particularly bores me with them, Is that half the time you have to politely contradict them when you rudely agree with them, So I think there is one rule every host and hostess ought to keep with the comb and nail file and bicarbonate and aromatic spirits on a handy shelf, Which is don't spoil the denouement by telling the guests everything is terrible, but let them have the thrill of finding it out for themselves.

At the School Exercises
by Edgar A. Guest

On the day of graduation weary eyes aglow with pride,
Every sign of disappointment bravely seem to put aside.
One would never guess to see them all the labor of the weeks
To teach that boy the verses which he now so proudly speaks.
In that hour of young achievement triumph hides each fault and scar
And the fathers and the mothers of their cares forgetful are.

A Photograph Is A Memory

Photo by: Dennis Howe Co-Editor

Photographs and memories
 Christmas cards you sent to me
 All that I have are these to remember you
 Memories that come and hide
 Take me to another time
 Back to a happier day
 When I called you mine
 But we sure had a good time
 When we started way back when
 Morning walks and bedroom talks
 Are how I loved you then
 Summer skies and lullabies
 Nights we couldn't say good bye
 A lot of the things that we knew
 Not a dream survived
 Photographs and memories
 All the love you gave to me
 Somehow it just can't be true
 It's all I have left of you
 But we sure had a good time
 When we started way back when
 Morning walks and bedroom talks

And A Photographer Exposes Memories

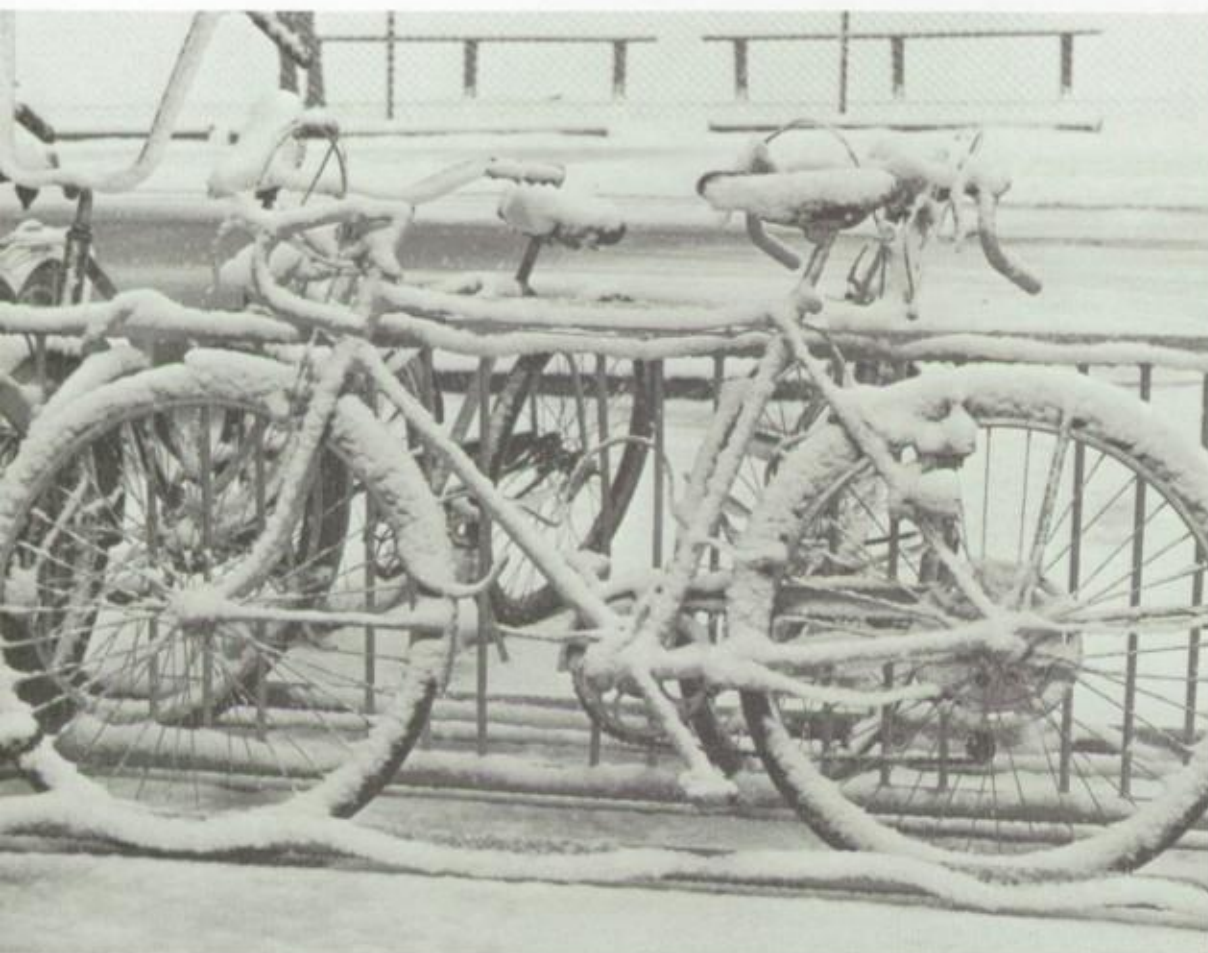

Photo by: Elijah M. Corncob (Bill Bordeaux) Photographer

Without Photographers a yearbook would end up being a few lines of prose and some questionable poetry. The people who really make our yearbook interesting are its photographers. To them we owe a sincere "Thank you."

The job of "covering" the various sporting events, the dance band concerts, and trying to take shots of a faculty that hate to see them coming, isn't all that easy. This year's photographers were especially good: they didn't miss many shots, in fact the film processor began to wonder if their energy or their film supply would run out first. Their accomplishments are now an important part of Lake Shore history which all of us can look back upon in years to come. For this we again express our many thanks.

We Thank-You...

Robert Stewart (Michigan's Photographer of the Year) for devoting so much of your time and effort in helping us produce a first rate Yearbook. Without your talent of photography our yearbook pictures wouldn't have that special touch of perfection. The students and faculty thank you and wish you the same continued success in the future.

The Yearbook staff would also like to thank the students for their crazy candid, the faculty for even their crazier candid. The administrators and principals for everything they have to do to make the school run as smooth as possible. The coaches for putting up with all the questions the Sports staff asked them and to all the players for holding still for all the photos. The hall monitors and janitors and secretaries for just being there to talk to and of course the counselors for listening to all our problems and usually solving them. The Yearbook staff would especially like to thank Mr. Anderson for the great party and for all his much needed help and his ability to keep the deadlines we could have never kept on our own. The Editor would especially like to thank the most hard working and fulfilled staff the Yearbook has ever known.

Au Revoir, Madame Bellue

Depuis plusieurs ans, nous avons eu dans notre présence une bonne professeur avec une consécration profonde qui a été un amie à plusieurs étudiants. Elle laisse derrière beaucoup des memoires de ses classes de français . . . la Nuit International? les pique niques français? les voyages a France? et le serpent dans le radiateur?

Bonne Chance en Arkansas
et Au revoir
Vos amie à Lake Shore

Good-Bye And Good Luck
